

Ebbfleet Green Weekly Gazette

We are absolutely delighted to welcome all of our children back to school for the start of a fantastic new academic year. Seeing our classrooms and playgrounds filled with bright, enthusiastic faces has made for a truly wonderful beginning. We hope you found our recent home visits a valuable opportunity to connect with your child's new class teacher, laying the foundation for a strong partnership to best support your child's growth and learning throughout the year ahead.

Looking ahead, we want to inform you that our site improvement building works will officially begin this Monday. We fully recognise that building work is not ideal and can present temporary difficulties for our school community, but we are handling everything with care to keep our environment positive and safe. With advice from our health and safety team, we have carefully set up movement areas across the school to ensure that everyone remains completely safe. To help us keep our community secure, please stick strictly to the paths and direction of travel when moving around the school grounds, and feel free to speak to a member of staff on duty if you ever need any assistance.

This week, we also introduced our exciting new behaviour curriculum to the children, centred around three simple and positive rules: Ready, Respectful, and Safe. The children now enjoy two lessons on our behaviour curriculum each week to help them put these expectations into practice, and we hope they have already been sharing what they have learned with you at home.

We look forward to sharing further details about this fresh approach with parents shortly, and we thank you as always for your brilliant support.
